

Cleaner indoor air.

Bring the outdoors in.

Make the buildings you care about safer and healthier for the people in them. Borrow best practices from the healthcare industry.

THE NEED: Neutralize dangerous pathogens carried in the air that cause infections.

THE SOLUTION: If you want to contain and clean air in your space, Armstrong's 24/7 Defend™ products are one of the best ways to create healthier spaces you can count on. Less air leakage through the ceiling plane and quick air replacement rates make our solutions ideal for every space. We can help you bring healthcare practices into the places you care about – schools, offices, stores, restaurants, fitness centers, urgent care centers, nail salons – anywhere that you care about stopping the spread of airborne pathogens.

24/7
DEFEND™
Solutions for Healthier,
Safer Spaces

CONTAIN CLEAN PROTECT

CONTAIN

Seal the ceiling plane with AirAssure™ ceiling panels to control and improve airflow in your buildings.

CLEAN

Our VidaShield UV24™ Air Purification System cleans the air from sun up to sun down – safely and unobtrusively from the ceiling.

PROTECT

Healthcare facilities strive for the best indoor air quality practices – don't we want those solutions applied to the spaces where we all live, work, learn, heal, and play? 24/7 Defend™ products can help.

THE CDC HAS RELEASED RECOMMENDATIONS ON HOW TO MITIGATE RISK FROM COVID IN INDOOR SPACES. GUIDELINES ARE BASED ON STANDARDS FROM ASHRAE (AMERICAN SOCIETY OF HEATING, REFRIGERATING AND AIR-CONDITIONING ENGINEERS). ASHRAE RECOMMENDS THAT MORE SPACES CONSIDER PRACTICES THAT HEALTHCARE FACILITIES USE. THE 24/7 DEFEND FAMILY OF PRODUCTS HELP CONTROL AIRFLOW AND NEUTRALIZE DANGEROUS PATHOGENS.
